STACK

+ ADDITIONAL EXP.

PRESIDENT E-Boo - 2022-2024

Founder and president of the MNS association. Managing this association has strengthened my organizational skills.

PRESIDENT AEDI - 2020-2021

President of the student association "AEDI," which has honed my management qualities despite a health crisis.

CEO Light Up - 2017-2018

Founder and CEO of a mini-company. Winners of the Best Team Spirit award at the regional championship.

WORK EXPERIENCES

2022-2024

FULL-STACK DEVELOPER SESAMm - Metz (semi-remote) - Apprenticeship

Full-Stack Developer in the Fintech sector. Transforming and displaying big data in a complex web interface, according to investors' requests and customer feedback.

Followed SCRUM methodology with various technologies (TypeScript / React / NestJS). Deepened cloud concepts with AWS and maintained GitLab pipelines.

2021-2022

FULL-STACK DEVELOPER Happy Teams - Metz (remote) - Apprenticeship

Adapted a physical escape room into an online team building experience.

Used the same stack as in the previous professional experience (TypeScript / React / NodeJS) with additional practice in SCRUM methodology and basic concepts of serverless back-end with AWS.

2021

FULL-STACK DEVELOPER The Box Escape Games - METZ (remote) - Internship

Developed web applications to support the creation and maintenance of products and the automation of operational sales and marketing processes.

Created an additional website as part of a commercial operation. Thanks to my mentor, I further developed my rigor and mastery of my technical stack (using tools like Node.js, React, and TypeScript / JavaScript).

Depuis 2020

TICKET AGENT Centurial Sécurité - GALAXY AMNÉVILLE

Opportunity taken to develop financial independence and improve my social skills.
